

SEMINAR HIGHLIGHTS FAIR COMPETITION

Airlines and aviation bodies from the Middle East and North Africa have attended a seminar hosted by the Government and Aero Political Affairs team in conjunction with the Arab Air Carriers' Organisation (AACO).

Participants had the chance to discuss a range of topics on the theme of 'Fair Competition' at the one-day event moderated by Professor Pablo Mendes de Leon, President of the European Air Law Association, and Professor Laura Pierallini of Studio Legale Pierallini in Italy.

Presentations by the two expert moderators helped attendees to gain clarity on European Union regulations on Fair Competition.

Lively and informative discussions also focused on the contribution that air transport makes in facilitating the exchange of trade and tourism and creation of job opportunities.

The event emphasised the role of aeronautical authorities in creating an enabling environment for airlines to compete to the benefit of the travelling public and business communities.
